VOL. CXXXV—No. 264. ALEXANDRIA GAZETTE WEDNESDAY, NOVEMBER 5, 1919. PRICE ONE CENT

DUNCAN ELECTED IN ALEX. COUNTY

H. K. Green Commissioner of Revenue and A. C. Clements Sheriff

OLIVER IS ELECTED

Total of 328 Votes in City—Oliver Gets 250 and Dodge, Republican, Seventy-Four.

In the election in Alexandria County, where considerable interest centered, William H. Duncan was elected clerk of the courts for that county over Alan B. Prosise by 603 majority. The vote was Duncan 1157 and Prosise 554. Mr. Prosise is at present holding the office, he being appointed to fill the unexpired term of the late George H. Rucker.

For the office of commissioner of revenue Harry K. Green was elected. His closest competitor was A. D. Torreyson. This was a six cornered race and the candidates and their vote follows: Green, 511; A. D. Torreyson, 296; C. H. Bowbeer, 264; W. M. Ball, 236; H. J. Kremer, 53; Edward A. Reid, 6.

A. C. Clements was chosen sheriff over Howard B. Fields, incumbent, and Thomas Leigh, Clements won out in a close contest of 66 votes over Mr. Fields. The vote was Clements, 835; Fields, 769; and Leigh, 31.

Walter T. Oliver, democratic nominee for the state senate, proved winner in that county over J. H. Dodge, republican nominee, Oliver carrying the county by a majority of 34 votes. The strength developed by Dodge in this county caused a surprise to the democrats. The vote was Oliver 405 and Dodge, 371.

For supervisors in the different districts the vote follows: C. N. Ahalt elected in Washington district over W. H. Payne by a vote of 241 to 204.

For supervisor in Arlington district Thomas J. De Lashmutt was elected The vote was De Lashmutt, 411; F. C. Hall, 191; J. R. Robinson, 110; Richard E. Babcock, 34.

In Jefferson district Edward Duncan was re-elected supervisor. The vote for supervisor in this district follows: Duncan, 169; Jacob Corl, 133; E. J. Roberts, 12; Charles A. Travers, 9.

Vote in Jefferson district for other offices follows: Prosise, 105; W. H. Duncan, 243.

For commissioner of revenue—W. M. Ball, 32; C. H. Bowbeer, 41; Harry K. Green, 97; H. J. Kremer, 60; Edward A Reid, 2; A. D. Torreyson, 53; For sheriff—Howard B. Fields, 153; and A. C. Clements, 168.

In this county Frank L. Ball, commonwealth's attorney, and E. Wade Ball, treasurer, were elected without opposition.

In the election in this city Walter T. Oliver, democratic nominee for the state senate from the fourteenth senatorial district, proved an easy winner over J. H. Dodge, republican nominee for the state senate. The vote was Oliver, 250; Dodge, 74, giving Oliver a majority of 176. A total of 328 votes were polled in the city and only 324 were counted, four being thrown out because of being improperly stratched. Charles T. Jesse candidate for legislature to represent this city and Alexandria county, was chosen without opposition.

Reports from other counties in the district indicate the election of Oliver over Dodge by a large majority.

Vote by wards in the city follows: First—Oliver, 60; Dodge, 14; Jesse, 73; Reah, for state corporation commission, 72; Adams, for unexpired term in the state corporation commission, 71.

Second—Oliver, 68; Dodge, 14; Jesse, 72; Reah, 69; Adams, 66.

Third—Oliver, 60; Dodge, 21; Jesse, 77; Reah, 76; Adams 76.

Fourth—Oliver, 62; Dodge, 25; Jesse, 87; Reah, 87; Adams, 81.

THE REVIVAL MEETING

The meeting at the First Baptist Church last evening was the most remarkable of all the meetings up to the present. Dr. Stewart was at his best, and though he expected it to be his final service yet the interest was so great he consented to preach again this evening. A very large number came to the front, accepting Christ. Indeed it would seem that the work were just getting well under way. Mr Stewart took the well known text: "The harvest is past, the summer is ended and I am not saved."

The interest is already at fever heat, and there are a number of reconsecrations. Probably this evening will witness a great demonstration of the spirit. The testimony meeting begins at 7:30 p. m., and personal experience is the order, with prayer for individuals.

KILL 29 TRAIN GUARDS

Outlaw Mexicans Headed by Newcomer in Latest Outrage

Laredo, Texas. Nov. 5.—Details were received here of an attack by Mexican bandits on a train en route from Guadlajera to Mexico City early Saturday near Celaya, State of Guanajuato, in which twenty-nine of the forty guards were killed, many passengers wounded and all robbed.

The bandits were declared to have been commanded by General Malagon, apparently a newcomer in the bandit field.

CLAIMED BY REPUBLICANS

Partial Returns Indicate Bugbee Has Been Elected Governor of New Jersey

Trenton, N. J., Nov. 5.—While still very close, the result in New Jersey will probably show Newton A. K. Bugbee, Republican candidate for governor, elected by upwards of 10,000 plurality. Returns from about one-fifth of the State gave him that lead over Edward L. Edwards, the Democratic candidate.

Bugbee said:

"The race is close but we will win by 10,000, I am sure."

PRESIDENT REMAINS AWAKE

President Wilson's condition was so greatly improved yesterday that Dr. Grayson permitted his patient to receive the election returns in his sick chamber last night.

The returns were received at the telegraph room in the executive offices and were relayed by messenger to the sick room, where they were read to Mr. Wilson by Mrs. Wilson and Dr. Grayson.

The President remained awake until a late hour hoping to get final results from his own State of New Jersey, but when Dr. Grayson decided that he had taxed his strength enough the result in that State was still in doubt.

MOOSE GOAL IS 1000

At their last meeting the Loyal Order of Moose initiated thirty-six candidates making a total of 158 initiations since October 1st.

The organizer has seventy-two applications on file at his office with prospects of initiating, at least one hundred members on Monday next. Mr. Bert O'Brien is highly elated over the campaign and is confident that 1000 members will be received by the end of the present campaign. Initiation takes place every Monday night at their hall over Alexandria National Bank.

IN MEMORIAM

In sad but loving remembrance of my dear wife and mother, Margarette E. Hanrahan, who died three years ago, November 5, 1916.

We can never forget you dear mother,
While in this world we stay,
For our hearts have never been the same
Since the day you passed away.

By her loving husband,
and daughter, Geneva.

BOTH SIDES FIRM AS GIBRALTAR

Pressure For Mediation, However, is Predicted Within a Week

PLAN TO END STRIKE

Palmer Announces The Government Has No Intention of Vacating Injunction.

The pressure for mediation in the coal strike that will accomplish results before industry suffers even partial paralysis was continued on all sides yesterday, and it was freely predicted that before another week had passed the country would find that the President had named a commission to settle the controversy and had issued a summary demand that both miners and operators abide by the award.

Such a commission, it is confidently believed, will be composed of men of the type of former President William H. Taft, whose impartiality and devotion to rigid justice no sane man could challenge.

Withdrawal of the injunction obtained by the government will open the way for settlement of the coal strike, Samuel Gompers, president of the American Federation of Labor, declares in a statement.

Charging that the injunction was a grave wrong and gross blunder, Mr. Gompers said if it were vacated and miners and operators invited to further conference by the Department of Labor he had "an abiding faith" that a mutually honorable adjustment could be negotiated and effected "whereby the coal strike can be brought to an end."

Attorney General Palmer declared that the government has not the slightest intention of vacating the coal strike injunction. This was in answer to reports that the government would recede from its action in the courts by way of conciliation to the miners for the opening of negotiations.

On the contrary, the government will, at the hearing before Judge Anderson in Indianapolis Saturday, urge vigorously that the strike be held illegal and that the temporary restraining order be made permanent.

Attorney General Palmer asserted that he is opposed to government by injunction but points out the distinction in the coal strike case. He declares that the injunction is sought on the ground that the strike is a violation of the Food and Fuel Act. and that while individual criminal prosecutions and a vast number of civil actions for damages could have been instituted the government has chosen to settle the issue in the court at Indianapolis.

Indianapolis, Nov. 5.—Acting President John L. Lewis, of the United Mine Workers of America last night stated that the miners will be willing to resume negotiations with the operators immediately if the restraining order now in force against them is vacated. His statement was made after being shown an Associated Press dispatch quoting President Samuel Gompers, of the American Federation of Labor, as advocating withdrawal of the restraining order as a step toward settlement of the strike.

Chicago, Nov. 5.—At the end of the fourth day of the soft coal strike that has closed nearly all union mines in the country and largely stopped production, with about 425,000 miners idle, there has been no break or weakening on the part either of the miners or the operators. There were indications that each side was willing to negotiate, but each seemed determined that the other should surrender some point before diplomatic relations should be resumed.

M. E. CHURCH SOUTH REVIVAL

The interest in the meetings being held in the Southern Methodist Church is increasing. Another large congregation was in attendance last night.

The song service begins at 7:45, with preaching at 8 o'clock, each night, except Saturday.

The Blue Book is used in the singing. The pastor, Rev. E. V. Regester, is doing the preaching, and he will be glad to see you.

Come, and give God a chance to save you.

BAZAAR OPENS

Affair Well Patronized—To be Continued 10 Nights

With a large attendance present, despite the rain, the autumn bazaar at the Lyceum Hall was opened last night.

The hall is prettily decorated and presented a most attractive appearance. The various tables are heavily laden with many handsome and valuable articles which are to be disposed of during the progress of the affair, which will be continued for ten nights.

Tonight it is expected that a far greater crowd will attend.

The committee in charge has arranged for special attractions each night.

The various committees in charge of the affair have worked hard and there is every reason to believe that the bazaar will be liberally patronized every evening during its progrss.

Something new each night is the promise of the committee in charge.

TREATY CLASH

Amendment Toward Disposition of Shantung Defeated; Vote is 41-26

The Senate yesterday rejected another amendment to the peace treaty, the proposal made by Senator Lodge to strike out all the articles relating to the disposition of Shantung being defeated 26 to 41. The amendment was disposed of without debate.

So far as known, only three more amendments remained to be considered These are the amendment by Senator La Follette to strike out all the labor provisions, a new amendment introduced yesterday by Senator Borah to strike out article 10 of the league of nations covenant, and the Gore amendment giving Congress the right to despatch troops.

An agreement was reached to take the vote on the La Follette amendment at 1 o'clock today, after the Senate shall have heard a speech which Senator Reed of Missouri will deliver in favor of its adoption.

TROOPS IN KANSAS

Concentration Looked Upon as Precautionary Move in Coal Strike.

Kansas City, Mo., Nov. 5.—Concentration of Federal troops, it becams known today, is now in progress at Camp Funston, Fort Leavenworth, and Fort Riley, presumably as a precautionary move in the coal strike.

To report immediately at the post to which they are assigned, is the extent of information included in the orders of scores of army officers en route from eastern points to three Kansas posts.

AMERICAN LEGION FRIDAY NIGHT

State Delegates Will Report on National Meeting at Minneapolis

ASK ALL TO ATTEND

Many Important Matters to be Presented—Following Meeting Refreshments to be Served.

There will be a meeting of the Alexandria Post of the American Legion on Friday, November 7th, at 7.30 p. m., at the rooms of the Chamber of Commerce. At this time two State delegates to the National Convention at Minneapolis will give a talk on the American Legion, its progress and its aims. They also wish to get the opinion of this post on subjects of importance that will be issues in the National Convention so that they may cast their votes upon these subjects of local importance with the assurance that they have expressed the true sentiments of the Virginia posts.

For this reason it is the aim of the local post to have a full and enthusiastic attendance. This is a fine opportunity to learn of the American Legion, its progress and activities throughout the State and every member should make special effort to be present, at the same time bringing along their ex-service friends, all of whom are cordially invited.

Every discharged soldier has a pet kick or suggestion. What do you think of the different national policies now hanging fire in Congress? Put it before the men who can best help you. The country still faces some grave situations. The soldiers did the trick in the last big one and we can do it again with the proper organization. The American Legion is that organization and if every discharged soldier under its standard does his part then will we become as powerful a unit as we were in France, whose voice will be heard throughout the length and breadth of the country, ever tending to bring it to its true spirit of Americanism and helping to stamp out all Bolshevistic and Socialistic influences. Your duties as soldiers are over but your duties as civilians will never cease, so back your post and make it a live organization.

November 7th is the date, 7.30 the time and Chamber of Commerce the place. Refreshments will be served.

SPLENDID WORK DONE

Father Sends Letter of Appreciation to Anti-Tuberculosis Society

The following letter was received by the treasurer of the Alexandria Anti-Tuberculosis Society from a grateful father. The son was taken ill while working here as an electrician in the summer of 1918 and found to have tuberculosis.

The society has been maintaining him at the State Tuberculosis Sanatorium at Catawba and at a nearby health resort for sixteen months, and he is now awaiting the sailing of a steamer to Holland.

Haarlem, October 7, 1919,

Dear Madam:

Will you kindly tender the Board of the Alexandria Anti-Tuberculosis Society our most hearty thanks for the kind care and most friendly goodness shown towards my son during his long lasting sickness.

We, my wife and daughter and myself, were so intensely relieved on hearing from Jack that he was to be taken care of by your society when he fell ill. Perhaps he may now be spared, at least he is so until now.

He is now strong enough to make the return voyage to Holland and I hope he will never forget the good friends in the United States who helped him in his sickness. May I assure you that his father and mother and sister will never do that?

With kind and grateful thanks for the personal share you had in the care of our son, I remain, Dear Madam.

Respectfully yours,
R. Lessilink.

This is one of many cases helped by the Anti-Tuberculosis Society of the city, and this society is now making its first, and most urgent, appeal to its fellow citizens for aid to carry on a work which has grown too large to be supported, as heretofore, by the annual dues of its members and the voluntary offerings of a few of our people.

Contributions may be sent to Miss Fanny S. Herbert, 116 North Washington street.

REMODELING OFFICES AND SALESROOMS

The Alexandria County Lighting Company have moved their office temporarily into the Capitol City Sales Company's salesroom, which is one door west of the Lighting Company's old office, while they are making changes and alterations in their building, which, when completed, will be one of the most modern and up to date offices and sales rooms in the city.

They propose to put in a modern window and entrance; also new heating system, in fact the entire building will be remodeled from the basement up. This improved building will be quite an asset to the city of Alexandria, as the Alexandria County Lighting Company is a permanent enterprise, and is interested in home welfare.

The general public should take notice of these changes and removal of the Alexandria County Lighting Company's office one door west.

SPECIAL

A Tense Moment From "Virtuous Men."

"Virtuous Men," to be shown at the Grand Theatre Thursday, Friday, November 20, 21, is a melodrama filled with action and tensely dramatic situations. In the role of Bob Stokes, E. K. Lincoln, star of "Virtuous Men," enacts many highly dramatic scenes with great realism. One of the big moments of the production comes when Stokes is confronted by his arch enemy, Brummon, who has plotted his ruin. With his back against the wall, Stokes is faced with the alternative of fighting his way through or losing an important contract for which he has worked for months. This scene also involves the happiness of himself and the daughter of his employer, with whom he is in love. How he escapes the trap, conquers his enemy and fulfills his obligations form an exciting part of this big melodrama, an S-L Picture, to be shown at the Grand Theatre on the date mentioned above. 264-1c

"HIRSCHVOGEL" IS COLD

The present generation of young people will recall one of the chapters in readers used in the public schools which givs a very pathetic description of several motherless children who lived in a hut in a forest in Austria. They possessed a stove which was conceived by August Hirschvogel. The outer section, or jacket, was of porcelain Heroic figures ornamented the heater. The little ones had personified it. They never called it a stove but "Hirschvogel," and in their childish prattle they addressed it as they would a human being and supposed the stove understood them. They were often left for hours to care for themselves, when they would gather around old "Hirschvogel" and enjoy the warmth it spread in the room as they addressed their conversation to it and imagined it one of their number.

The father, an improvident man concluded to dispose of this stove to a seeker of antiques, and the sorrow he cast over his motherless ones affords a pathetic part of the story.

Many "Hirschvogels" in Austria are cold today. They are not sending out their comforting rays to innumerable little ones.

Snow has fallen over all that country, and in portions of Hungary, and the suffering is very intense, both in Vienna and Budapest because of lack of fuel and food.

The situation at Budapest is made worse by the presence of the Roumania troops, who are reported still seizing foodstuffs and supplies of all sorts, regardless of the warnings of the supreme council.

With a two day blizzard sweeping across France, causing terrible misery due to lack of fuel, official figures show that France's sole hope for relief lies in coal shipments from America.

Public opinion in Paris is at fever pitch, awaiting with fear and trembling every scrap of news from America about the coal strike, realizing that if it lasts any time at all it will mean a catastrophe for France.

Wood sells for 25 cents a log in Paris, a price beyond the reach of the poor. Added to this comes the increasing lack of fuel. There is a serious milk shortage, too. From the devastated regions come cries of distress.

Babies there are threatened with starvation, as the Germans refuse to fulfill thir pledge to surrender the stolen cows.

FAR-REACHING EFFECTS

If the coal strike continues long enough to affect the country widely, the most serious of its consequences will be to labor itself says the Boston Globe. "Already the shutdown is being felt. Men 1,000 miles away from any mine have been laid off. Not many men, it it true. But this is the beginning. There are industrial plants which can keep going for two months because they are supplied with fuel. There are others where work must stop within two days, unless a new allotment of coal is obtained.

"New England railroads are contemplating a reduction in train service. It is only a question of time when other roads must follow. Shortages—whether of sugar, of food, or of money—are never popular. A work shortage includes most other kinds and is the worst of all. Unworked mines must mean unworked mills, unless the mills are run by water power.

"The country was never more united on an industrial issue than it is now, and the side which it has taken is against the heads of the bituminous miners. With such a beginning and with apprehensions of shutdowns in other lines changing into actualities, it is hard to see how the contentions of the strikers will gain in popularity."

BAN COMBINATION SALES

As will be seen elsewhere in the Gazette, combination sales of sugar with other articles of merchandise were declared illegal in a report made yesterday afternoon by the grand jury in Richmond, which is probing the high cost of living. It was the opinion of the investigators that demanding the purchase of other goods as a condition for the purchase of sugar is a violation of the anti-trust law. The public was advised to that effect and citizens were requested to report violations. The police were requested by the commonwealth"s attorney to notify merchants retailing sugar and to warn them against making combination sales.

The above will be read with interest in Alexandria, where similar conditions exist. The reason assigned for compelling persons to purchase other articles is that grocers are often imposed upon by hoggish housekeepers who hoard sugar by sending different members of the families to stores in all sections of the city for this essential.

By this process they accumulate stocks far beyond their needs, while others are compelled to use sparingly, often finding themselves out of sugar and unable to purchase any in the neighborhood stores.

While much is being said concerning unscrupulous profiteers, many housekeepers are equally as grasping in their way. It is hoped some practical means will be devised by which an equitable distribution of sugar will be secured.

A MODEL COUNTRY

Direct from a paradise—where since the year 841 there have been no politics, strikes, profiteering, drunkenness or disorder, and but one violent death—came two men to New York yesterday. They journeyed from Andorra, the "oldest and smallest republic in the world."

It costs Andorra $400 a year to maintain its independence and peace from outside interference. This money is paid in tribute equally divided between France and Spain, its neighbors. Charlemagne gave the territory its freedom, and it has been maintained uninterrupted to date.

Andorra pays its President $16 a year, and its twenty-four members of Parliament $5 each. The country is 175 miles in extent. Its population is 6000

"There is no internal strife in Andorra, because the people know each other so well that irresponsible persons never can hope to fool any part of them any part of the time, and ever hold office. There are no newspapers. A large percentage of the people are illiterate, but intelligent.

AMERICANS OR SAMGOMPERITES?

Izdrehte od ro doh

The New York Sun asks: Shall it be Samuel Gompers or Abraham Lincoln, and answers with a stirring speech by Lincoln. But a greater than Lincoln is here. Uncle Sam of which Lincoln was but one great exponent. We have had the question really should be, "Shall it be Samuel Gompers of Uncle Sam?" Who is master? Shall Americans be Americans or shall they be samgomperites? That is the real issue.

ROOSEVELT WINS

Officer Against Private Race Attracts Nation Wide Attention

Oyster Bay, N. Y., Nov. 5.—Lieut. Col. Theodore Roosevelt, running for assembly on the Republican ticket, was elected yesterday over his Democratic opponent. This was a double joy, for earlier in the day a son was born in the Roosevelt home. This is the fourth child. It will be named Quentin, after Lieut. Quentin Roosevelt, brother of Lieut. Col. Roosevelt, whose airplane was shot down in flames while fighting the Germans.

Lieut. Col. Roosevelt's race for election to the New York State assembly from the Second district, Nassau county, was a campaign of officer against doughboy, for his Democratic opponent was Elias Raff, son of a tailor, who served as a private in the Seventy-seventh Division.

NO DEMAND FOR NEW HOLIDAY

The suggestion that Armistice Day, November 11, be made a holiday in this country does not appear to arouse much enthusiasm. There is a curious misunderstanding upon the subject of holidays. There are no "national" holidays. It is true that we have days which are observed in all parts of the United States, but these are fixed by acts of State Legislatures. All that Congress does is to authorize the observance of holidays in the District of Columbia. Thanksgiving Day, perhaps, comes nearer to being a national holiday than any other in the calendar, and yet it will be noticed that the annual proclamation of the President upon this anniversary "recommends" that the day be observed by all the people. There are other holidays which are observed in one State and not in another. Hence, the movement for Armistice Day should originate with the States and not with the Nation, although Congress, of course, might have the disposition to make a recommendation upon the subject.

But as a matter of fact most people will feel that we have all the holidays that are necessary. If they desire to give thanks for the signing of the armistice they could find no more appropriate occasion than Thanksgiving Day, which will be proclaimed the latter part of this month. But there are some who are not disposed to glorify the armistice. They are patriotic to the core, but they feel that it might have been a good thing for the Allies and for humanity if the war had gone on for a few weeks longer in order that Germany might have been utterly beaten. There is no doubt that the armistice was agreed upon from humane motives, but those who distrust Prussianism will be plagued with the fear that it was a little premature.

In any event we already have enough holidays to relieve our pent-up enthusiasm.—(Philadelphia Inquirer.

RED CROSS GIVES FULL ACCOUNTING

War Council Tells How Millions Contributed by Public Were Used For Relief.

BIG TASK IS DESCRIBED

In Twenty Months $154,000,000 Was Spent Overseas and $119,000,000 in the United States.

Washington, (Special)—Through a complete report of the work of the American Red Cross in the war by Chairman Henry P. Davison, on behalf of the war council, the organization on the eve of its annual enrollment of members during the Third Red Cross Roll Call, November 2 to 11, has rendered an accounting of the many millions given it by the American people to help our fighting men and our allies. The statement is, in part, as follows:

"The war council of the American Red Cross is now prepared to make a complete accounting to the American people of money contributed and expended, as well as the work done by the American Red Cross during the period in which the war council was in control of its affairs. The war council was appointed May 10, 1919, and went out of existence February 28, 1919.

"It was the practice of the war council to give complete publicity to its policies and finances, but it is only now that a picture of the war period as a whole can be presented. It is the feeling of the war council that a report in this summarized form should be made directly to the public which provided the money and gave the effort which made the American Red Cross a success.

"A statement of the American Red Cross effort and finances since the war council relinquished its control will be made to the public through the executive committee, and it is important, therefore, that the fact that this report covers the period only until March 1, should be carefully noted."

Following are certain round figures covering American Red Cross participation in the war, as revealed by the war council's report:

Some Outstanding Figures.

Contributions received (material and money)	$400,000,000
Red Cross members: Adults, 20,000,000: Children, 11,000,000	31,000,000
Red Cross workers	8,100,000
Relief articles produced by volunteer workers	371,577,000
Families of soldiers aided by Home Service in U.S.	500,000
Refreshments served by canteen workers in U.S.	40,000,000
Nurses enrolled for service with army, navy or Red Cross	23,822
Kinds of comfort articles distributed to soldiers and sailors in U. S.	2,700
Knitted articles given to soldiers and sailors in U. S.	10,000,000
Tons of relief supplies shipped oversees	101,000
Foreign countries in which Red Cross operated	25
Patient days in Red Cross hospital in France	1,155,000
French hospitals given material aid	3,750
Splints supplied for American soldiers	294,000
Gallons of nitrous oxide and oxygen furnished French hospitals	4,340,000
Men served by Red Cross canteens in France	15,376,000
Refugees aided in France	1,726,000
American convalescent soldiers attending Red Cross movies in France	3,116,000
Soldiers carried by Red Cross ambulances in Italy	148,000
Children cared for by Red Cross in Italy	155,000

Of the $400,000,000 in money and supplies, contributed to the American Red Cross during the twenty months the war council was in existence, $263,000,000 was allotted to national headquarters, while $137,000,000 went to the chapters to finance their activities. Expenditures in the twenty months totalled $273,000,000, divided as follows: By national headquarters in France, $57,000,000; elsewhere overseas, $64,000,000; in the United States, $48,000,000; by chapters in the United States, $43,000,000; cost of chapter-produced articles distributed in France, $25,000,000, elsewhere overseas, $8,000,000; in the United States, $28,000,000, making total expenditures in France, $82,000,000, elsewhere overseas, $72,000,000; in the United States, $119,000,000.

DON'T DISREGARD A COLD

The influenza and pneumonia that swept the country a year ago were proceeded by an epidemic of colds. Foley's Honey and Tar will check a cold if taken in time, and will also stop a cough of long standing. It promptly gives relief, soothes and heals. Mrs. Geneva Robinson, 88 N. Swan St., Albany, N. Y., writes: "Foley's Honey and Tar is the best cough medicine I ever used. Two bottles broke a most stubborn lingering cough." It loosens phlegm and mucous clears air passages, eases hoarseness, stops tickling throat. Sold everywhere.

CLEMENCEAU'S MESSAGE

Work, French Premier Says, Will Solve World Problem.

Strasbourg, Alsace, Nov. 5.— "The solution of the many problems the world is now facing may be summarized in the single word 'work,'" Premier Clemenceau declared in his keynote speech for the government party in the parliamentary election campaign, delivered here yesterday. The speech, also, was his farewell message on the eve of the retirement from political life which he contemplates.

His address, he declared, was not a message meant for France alone, but was an appeal to the entire world to renew its labors as they had been performed before the war and produce for the world's needs.

Practically the entire intellectual, religious and military world in Alsace were present at the function, which was most impressive. Admission to the hall was limited to 5,000 but a crowd of 40,000 persons stood outside.

A picturesque feature was furnished by Alsatian girls in national costumes tossing flowers as the Premier went by.

"This is one of the greatest days of my life," the Premier exclaimed. "It was worth living for. Now I know I have not lived in vain."

Brushing aside M. Millerand and others near him, the 78 year old Premier mingled with the crowds of Alsatians who had broken through the cordon formed by the police, who were not too insistent in keeping them back. Pretty girls virtually mobbed the "Grand Old Man" of France who gave every appearance of enjoying the experience immensely. The girls and women welcomed him in the Alsatian dialect, which the Premier does not understand, with their resounding kisses on his sunburned cheeks needed no interpreter.

Did Iron Help Men Of Today Gain Strength And Endurance Like Athletes of Old?

Physician Says "Yes"---Cites Case of

Jack Dempsey, Heavyweight Champion of the World

SUPERMAN OF THE AGE

Who Used Nuxated Iron as a Part of the Training Which Gave Him Such Marvellous Physical Development that He Was Able To Whip The Mighty Jess Willard—

To every man who lacks physical strength and energy there comes a longing at times to possess the power and endurance of an athlete, yet they go on struggling through life weak, nervous and rundown, when in reality their trouble may be nothing more than lack of sufficient iron in the blood.

Had they not kept their blood rich in iron the athletes of old might never have achieved such fame, is the opinion of Dr. James Francis Sullivan, formerly resident physician of Bellevue Hospital (Outdoor Department), New York, and the Westchester County Hospital, who believes that many people who are fagged out by worry, work and other strains might readily build up their physical energy and endurance by increasing the supply of iron in their blood.

As an example of the superb physical condition that may be obtained by a man of today who follows proper methods of living and who keeps his blood filled with strength-giving iron, Dr. Sullivan cites the case of Jack Dempsey, who used Nuxated Iron as a part of the training which gave him such marvelous development that he is now recognized as the Superman of the Age and perhaps the superior of any famous athlete of ancient times. In connection with his use of Nuxated Iron, Dempsey says: "Nuxated Iron put added power behind my punch and helped me to accomplish what I did at Toledo. From the results in my own case, where the possession of super endurance is necessary, I feel that I am in a position to strongly recommend Nuxated Iron to every man and woman who wants to build greater strength, energy and power."

In commenting on the foregoing statement made by Dempsey, Dr. Sullivan says: "It should occur to every thinking person that if a man as physically fit as Dempsey should consider it advisable to take Nuxated Iron how much more important it is for the average man or woman to see that there is no lack of iron in the blood. In my opinion, the men of today who want to be strong, sturdy and successful must either live more as did the athletes of old or else supply the iron deficiency in their blood by taking some form of organic iron—Nuxated Iron. I have used Nuxated Iron in my practice and know of nothing more effective for building up the system and increasing the red blood corpuscles, thereby enriching and fortifying the blood against the ravages of disease."

If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day, after meals, for two weeks. Then test your strength again and see for yourself how much you have gained. Many an athlete or prize fighter has won the championship because he knew the secret of great strength and endurance which comes from iron. Many a man or woman who is pale, weak and sickly, lacking in energy, strength and endurance, is pale because he or she lacks iron in the blood. Nuxated Iron is not a patent medicine nor a secret remedy, but one which is now prescribed by many of the best physicians in their regular practice. Unlike the ordinary inorganic iron preparations, Nuxated Iron is easily assimilated, does not injure the teeth, make one constipated or upset the stomach. On the contrary, it is a most potent remedy in many forms of indigestion as well as nervousness, and is now used and endorsed by many physicians, hospitals and druggists throughout the United States and Canada.

The coarse foods and rigorous methods of living practiced in ancient times made rich red blood for the men whose feats of strength and endurance won fame for them through the ages. Today modern methods of cookery extract much of the natural iron from our blood and this, coupled with the more rapid pace at which we live, make it necessary in our present age to supply the iron deficiency thus caused by taking some form of organic iron—Nuxated Iron—so as to build up a race of sturdy, red-blooded men.

FOUR HOLD UP FORTY

Road Workers Robbed at Revolver Point While in House Near Port Deposit, Md.

Elkton, Md., Nov. 5.—One of the biggest and most daring hold-ups in this country and probably in the state was perpetrated Sunday night, when 40 men were held up and robbed in a house on the state road, between Port Deposit and Liberty Grove by four Italians, at pistol point.

The men charged with the hold-up were arrested later in Port Deposit, brought back here and lodged in jail.

No griping; no nausea. Sold everywhere.

COLLEGE HEAD DEAD

Dr. William A. Webb Succumbs in Nashville, Tenn.

Lynchburg, Va., Nov. 5.—Dr. William A. Webb, president of Randolph-Macon Womens' College since 1913, died yesterday in an infirmary at Nashville, Tenn., where he had been since his arrival there for the burial of his wife, two weeks ago. Death resulted from a cancer of the liver.

Dr. Webb went to California last summer, believing he was suffering from a nervous breakdown, and it was only recently known here what his malady was. He was 62 years old a native of North Carolina, a graduate of Vanderbilt University, and had studied in Germany. He is survived by a son, a student at Vanderbilt and three young daughters.

A Literal Sky Pilot.

The circuit rider and sky pilot of old are giving place to a modern and more literal sky pilot, who promises to take up their work and carry it on more widely than they could ever have hoped. Mrs. Cora Wilson Stewart of Frankfort, Ky., chairman of the illiteracy commission of her state, arrived in New York recently to purchase an airplane, which, she announced, would be the first of a fleet to carry on the work of the commission. There are many people in mountain fastnesses whom it has been impossible to reach even with automobiles or mules, she said; hence the airplanes, by which, it was thought, the whole territory in which the commission is interested could be covered in one-twentieth of the time now required.

Information.

The automobilist stopped and inquired of a man seated on his doorstep, "How do you get to Somerville?"

"Oh, we have a car and just drive over," was the unexpected reply.

CHILE'S CONCESSION

Gives Bolivia An Outlet to the Pacific

Washington, Nov. 5.—Chile has given Bolivia an outlet to the Pacific Ocean by ceding a strip of land north of the Province in Arica, according to official advices received here yesterday.

Details as to the extent and exact location of the territory reported to have been ceded were not given in the dispatches.

Bolivia was cut off from the Pacific 35 years ago, when Chile captured the provinces of Arica and Tacna from Bolivia and Peru.

CHRISTIAN NAMES

Number to be Given Instead to Russian Children

Leaders of Russia's Soviet government have banned the giving of Christian names to children, it is reported, because they are considered "reminiscent of the reactionary system." It is expected an order will be issued soon forbidding their use. Numbers are to be substituted. Thus, three children of a family named Petkoff may in future be known as Petkoff 1, 2 and 3," respectively.

MANAGER FOR LYNCHBURG

Lynchburg, Va., Nov. 5.—The city manager form of government, with five members of the City Council, was adopted here yesterday at a special election, in which there was a very light vote. The vote: For, 774; against 634. The plan succeeds a dual council with 24 members and a mayor. The new regime becoming effective September 1. Candidates for the new council will be nominated in a Democratic primary in April and elected in June.

MORROW SWEEPS KENTUCKY

Louisville, Ky., Nov. 5.—Edwin P. Morrow, Republican, was elected yesterday Governor of Kentucky over Governor James D. Black, Democrat, by a large majority.

DANGERS OF A COLD

Alexandria People Will Do Well to Heed Them

Many bad cases of kidney trouble result from a cold or chill. Congested kidneys fall behind in filtering the poison-laden blood and backache, headache, dizziness and disordered kidney action follow. Don't neglect a cold. Use Doan's Kidney Pills at the first sign of kidney trouble. Follow this Alexandria resident's example:

C. E. Davis, fireman, truck and engine company No. 1, says: "I have used Doan's Kidney Pills off and on for a good many years and they have always given me wonderful relief. My trouble has been brought on by being out in all kinds of weather and catching colds which settle in my kidneys. Then my back gets sore and weak and I can hardly get around. The kidney secretions will pass irregularly and make me get up often at night. However. I find I can rely on Doan's Kidney Pills to give me the desired relief. My kidneys have never been in bad condition since I started using Doan's Kidney Pills for those attacks."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Davis had. Foster Milburn Co., Mfgrs., Buffalo, N. Y.

A NERVOUS WRECK

From Three Years' Suffering, Says Cardui Made Her Well

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work.

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui.

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 49 years of use has proven that the books are right. Begin taking Cardui today. NC-134

MINES OFFERED

Kanawha Operators Will Tender Themselves and Property

Charleston, W. Va., Nov. 5.—The Kanawha Coal Operators' Association yesterday afternoon passed a resolution by which they placed themselves and their properties at the disposal of the constituted state and federal authorities "in the hope that such use may be made of our services and our mines as may seem best in this crisis."

Soon after the association's offer had been made public, President C. F. Keeney of the miners, announced that two mines employing 150 men in unorganized Guyan field, were closed today "out of sympathy for their striking brothers." Operators he added, had offered $10 a day to such men as would return.

Reports from the non union Guyan district, operators said, showed increased production today over that of yesterday, while from Winding Gulf, Williamson and Pocahontas came similar reports. All mines were operating eight hours a day, operators said, and no effort would be made to enforce overtime because of the emergency. Cars were being supplied by the railroad administration and coal was being rushed to designated points with all possible speed.

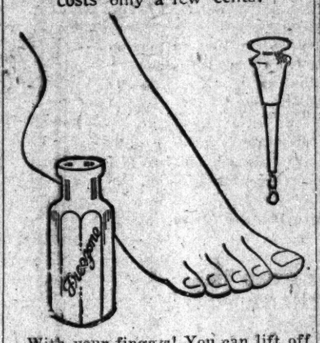
Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.



With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

AN EXCELLENT TONIC FOR YOUNG AND OLD

Chasco-Vin, a Tasteless Col Liver—Iron and Hypophosphites Combination Will Increase Your Strength and Vitality and Keep Away Coughs and Grippy Colds

During the "Flu" epidemic a year ago thousands were safe-guarded by taking Chasco-Vin, a body building tonic that does build. It is the toning up of the system that counts in keeping away all kinds of sickness.

Those who are weak, nervous and run down especially need Chasco-Vin. It restores the appetite, makes rich red blood, and increases the strength and vitality.

The Chasco-Vin formula is centuries old and is prescribed by the best physicians as much today as ever. There is only one Chasco-Vin agent in Alexandria Edgar Warfield, Jr., King and Pitt Streets.

"MOST VICIOUS" PROFITEERS

Richmond, Va., Nov. 5.—Commonwealth's Attorney George E. Wise yesterday issued an order instructing the local police to apprehend merchants who forced customers to buy other products in addition when they desired to purchase sugar. Wise stated that the combination sales were the "most vicious" forms of profiteering.

For several days the police department has been active in investigating the sugar shortage in this city and their efforts have disclosed five carloads on a side track in the wholesale section of the city in addition to quantities held in retail stores.

KILLS WOMAN

San Francisco, Nov. 5.—Miss Jean Kimball, 30, head bookkeeper at the Palace Hotel, was shot dead late yesterday at the entrance of the hotel.

Mrs. Julia Mildred Thurston, 30, of Sacramento, was arrested immediately. She declared, the police said, that Miss Kimball had been trying to steal her husband for the past two years.

SPECIAL PRODUCTION

"Virtuous Men" is a Big Photoplay

One of the most important productions of the year has been secured for the patrons of the Grand Theatre by Managers Rose and Seigel, and will be presented as a special attraction on Thursday and Friday, 20-21. "Virtuous Men" is the production. It stars E. K. Lincoln, was personally directed by Ralph Ince and contains one of the most notable casts ever assembled before the camera.

"Virtuous Men," was conceived by A. H. Sawyer and Ralph Ince. It tells a virile story of melodramatic punch." The picture was over seven months in the making, and is the supreme effort of Ralph Ince, whose name has been linked with a series of unbroken screen successes. It has many spectacular scenes and forms an engrossing film entertainment.

The management of the Grand Theatre states that "Virtuous Men" cost over $150,000 to produce. Five cameras were used to insure photographic perfection; thirty massive and unusual sets were constructed for the production under the direction of Charles Chapman; five distinctive spectacular effects, costing thousands of dollars, mark the unfolding of the story and over 10,000 supernumeraries were used by Ralph Ince in many scenes.

The star role will be interpreted by E. K. Lincoln, supported by Clara Joel, Broadway favorite; Grace Darling, W. B. Mack, Robert W. Cummings, William Blonkall, Edward Talbot, Irving Brooks, William Cohill, Danny Hayes and others well known on stage and screen. 264-1c

A RAW, SORE THROAT

Please Quickly Watch You Apply a Little Musterole.

And Musterole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain. Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief from sore throat, bronchitis, tonsilitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds on the chest. Nothing like Musterole for croupy children. Keep it handy for instant use. 30c and 60c jars; hospital size $2.50.

WONDERFUL STEPPING STONES

MISER SAVER BIG SUM BUT ONLY TO LOSE IT

Man Did Not Follow Principles of Thrift—Sole Idea Was to Hoard His Money, Spending Nothing.

A modern Midas of Chicago, who had accumulated $300,000 by never spending anything, recently was declared incapable of handling his affairs. He became incapable not because he amassed $300,000 but because of the way he accumulated it. He estranged his family, went to bed with the chickens to avoid spending money on lights and lived on $55 a year.

Then he ran afoul of the puzzling income tax law and now his children are to handle his beloved savings. This modern Midas was not a thrifty man. He was a miser. True thrift enhances and increases the wealth of the world. Hoarding money benefits neither the miser nor his fellows. Wise spending is as essential as wise saving, and wise investment is as important as either; wise spending for the comforts and pleasures of life as well as the necessities makes for the thriftiest life and stimulates production. Wise investment makes possible the creation of new wealth.

The miser saves but spends nothing. He secures only the meager satisfaction of watching his pile of money grow. The wise exponent of thrift and sound investment has the comforts and pleasures of life and saves at the same time. The foolish man spends his money for what he neither needs nor really wants; does not attain the comforts and lasting pleasures of life and saves nothing.

If the modern miser of Chicago had spent wisely he would have had years of comfort and happiness instead of years of squalor and want. If he had saved wisely he would have had the love and respect of his family and associates. If he had invested wisely he would have been competent to handle his own affairs.

"Waste not—want not" is still the modern axiom of thrift but "want not" must not be interpreted to mean not wanting the things that make life worth the living. Don't be a modern Midas.

PICKING UP THAT PIN

A story of E. H. Harriman, who died leaving an estate of $75,000,000, credits him with one day picking up a small steel letter clip dropped on the floor by a careless employee.

"I'd like to have as my annual income," said Mr. Harriman, "the value of material thrown away every year by indifferent workers in the offices and factories of America. In a few years I'd be the richest man in the world."

"LIKE UM" and "LICK UM"

From faraway Tulsa, Okla., comes the story that War Savings Stamps are tremendously popular among the Indians who have grown rich from oil wells discovered on their properties.

"Stick-em-on" competitions are popular among the Indian Rockefellers, who buy the $5 stamps in sheets, arrange their cards neatly and start licking and sticking at a prearranged signal.

After all the stamps had been stuck on during a recent contest the Indians capped the "field meet" by lining up and racing to the postoffice to get the stamps registered. Blue Nose Smells-No-Meat won the race and had his stamps registered first. He had pasted on $485 worth of War Savings Stamps in six minutes and fourteen seconds. His time to the postoffice was 56 seconds flat.

Put your money where it will do double duty for you—in War Savings Stamps.

Money saved is what counts. Invested in War Savings Stamps it grows day and night.

Like a multitude of thrifts there is safety from worry. Buy wisely, save intelligently, and invest in Thrift Stamps and War Savings Stamps.

FIVE DEPARTMENTS ARE AIDING THRIFT

Government Bureaus Are Co-operating to Promote Widespread Savings Among All Classes of People.

Co-operation and co-ordination of government departments in aid of the national movement to promote regular saving, wise buying, sound investment and reinvestment are shown in a recent report to the Treasury Department.

Five departments—Treasury, Labor Commerce, Agriculture and the Interior—are always carrying out plans characteristic of their special domain of work designed to accomplish the general aim—thrift. Not only are the same principles held in common but ideas and material are interchanged and employed to further the particular lines of each department's work.

In the Treasury Department the Savings Division is endeavoring to bring home the value of sensible economy as a principle of living to interpret thrift, not as miserliness but as the wise management of one's affairs, taking heed of present and future needs and steadily saving for worthwhile purchases, to take advantage of an opportunity or against a rainy day. The Savings Division offers the Thrift Stamps and War Savings Stamps a practical inducement to acquring the power of a financial reserve.

Realizing that saving is greatly stimulated by having a definite object in view, the Department of Labor has launched an OWN YOUR HOME movement.

The Department of Commerce, in conjunction with the Council of National Defense, is engaged in a BUY NOW, BUT ONLY WHAT YOU NEED, campaign.

The Department of Agriculture has undertaken to have its county agents and home demonstration agents, numbering several thousand men and women, include the message of thrift in all their work.

In the Department of the Interior the Bureau of Education is making thrift an important part of its Americanization program and of its schools and library work. The Indian Bureau has issued material and called on all agents to assist in bringing home the value of intelligent saving and safe investment to the Indian service.

5 Hundred Dollar Stamps=First installment on your home.

Thrift Stamps will stick when a fellow needs a friend.

Make Thrift a happy habit through War Savings Stamps.

INTEREST

Here is what one man did. If you don't know him you know some one just like him in your community.

Twenty years ago he owned the clothes he stood in and that was about all.

He saved fifty dollars the first year; the next year, with a little better wages, seventy-five.

One thing with another—a wife and family included—he has saved an average of five dollars a week for twenty years.

What he saved in twenty years was about five thousand dollars. What he has is twice five thousand—like the man in the parable.

His dollars working for him now bring him more than his yearly saving.

Make Thrift a happy habit through War Savings Stamps.

Money spent is money gone. Invested in War Savings Stamps it stays with you.

LABORITES WIN

Capture Many Seats in the Municipal Elections

London, Nov. 5.—Further reports on the results of the municipal elections held throughout the country Saturday emphasize the completeness of the Labor victory. In the Poplar district of London the Labor party captured 39 seats out of 42. Nine Labor candidates were elected in Chelsea. Even in fashionable Kensington six Laborites were returned.

The newspapers generally ascribe the Labor victory to the "real heart put into the party's electioneering."

The Times says the chief lesson to be learned from the election is the proved existence of an "election-winning labor machine" all over the country and notes that the party won successes at such unlikely places as Bath, Brighton, Oxford and Cambridge.

"The people now have other ambitions than merely paying local taxes," is the comment of the Daily News, organ of former Premier Asquith.

REVEALS BOLSHEVIK PLOT

Russian Reds Carry On Propaganda of Violence and Unreason

Washington, D. C., Nov. 5.—The Russian Bolsheviki "have availed themselves of every opportunity to initiate in the United States a propaganda aimed to bring about the forcible overthrow of our present form of government." Chairman Wadsworth, of the Senate Military Committee, has been informed by Assistant Secretary Phillips in a letter made public yesterday at the State Department.

The Bolsheviki, Mr. Phillips said, have at their disposal large quantities of gold, partly a revenue of the former Russian Government and partly a reserve belonging to the Russian Government, and it is considered important not to give them means through commercial transactions to bring this gold into the United States, where it could be used to sustain their propaganda, of "violence and unreason."

BRICKS AS WEAPONS

Youngstown, Ohio, Nov. 5.—Women pickets yesterday employed bricks as arguments against employes of the Youngstown Sheet and Tube Company going to work. The result was one of the biggest free for alls since the steel strike began. Deputies settled the fight by arresting three women and seven men.

CLEVELAND CHOICE FOR MAYOR

Cleveland, Ohio, Nov. 5.—Mayor Harry L. Davis, running for re-election on the Republican ticket, won a sweeping victory at the polls yesterday. His plurality over Dr. R. H. Bishop, Democrat, will probably exceed 25,000. His managers are claiming victory by 40,000, with half the returns in.

METHODIST AFTER GOMPERS

Rebuke Him for Saying Prohibition Has Contributed to the Spirit of Unrest

Washington, Nov. 5.—The assertion of Samuel Gompers, president of the American Federation of Labor, that prohibition was contributing to unrest in the United States, was characterized as "not only unfortunate, but deserving of rebuke," in a statement issued here yesterday by the Board of Temperance, Prohibition and Public Morals of the Methodist Church.

"Radicalism in England and France and throughout the continent of Europe," the statement said, "is very much more rife than it is in America, despite the floods of alcohol. Bolshevism is a thing of ignorance; prohibition commands the support of 80 per cent. of Americans with high-school educations. Bolshevism is a thing of saloons, barrel houses and slums; prohibition is the product of schools, churches and homes.

"All America concedes everything possible to labor and labor's leaders," the statement added, "but Mr. Gompers is not the uncrowned king of the country. If it be true that foreign born laborers are rebellious against the country because of prohibition it may be said that the country is not being run entirely for their benefit. If they do not like the way things are being done let them go back to Europe. Six weeks after they have landed on that continent they will be begging the churches for passage money back."

TAMMANY LOSES

New York, Nov. 5.—Tammany Hall apparently went down to defeat in the municipal election here yesterday. All three of its candidates for the supreme court bench seem to have lost.

With returns lacking from 223 districts out of 948 in the first judicial district, which includes the broughs of Manhattan and the Bronx, Justice Joseph E. Newburger, who was denied a renomination by the Democrats and then placed in the field by the Republicans, had 125,713 votes, while Irwin Untermeyer, 33 year old son of Samuel Untermeyer, his opponent, had 83,071. Major Philip J. McCook, the other anti-Tammany candidate, had 107,326, and Justice Robert L. Luce, 94,193.

KENTUCKY RACE

Republican Candidate for Governor in the Lead; Wets Ahead

Louisville, Ky., Nov. 5.—Complete although unofficial returns from sixty-three counties with probable majorities of unreported counties estimated conservatively indicated that Edwin P. Morrow, Republican, has been elected governor by a majority of 30,000.

MARTIN IMPROVED

Eats Lightly and Has Good Day, Physician Announces

Charlottesville, Va., Nov. 5.—The improvement shown in the condition of Senator Martin Monday and last night was maintained throughout today, his physician last night announced.

The senator, the doctor added, had a good day, ate lightly and was not suffering from any distressing ailments late yesterday.

MOORE IS ELECTED

Philadelphia, Nov. 5.—Early returns yesterday evening indicated the election of Representative Moore for mayor by a majority of 75,000. The other candidates on the city ticket, include sheriff and county commissioners upon which there was some slashing, easily won. The election of Moore never was at any time in doubt.

The fight between Frank J. Gorman, charter party, and Edgar W. Lank, Democrat, the early returns showed to be close.

32,000,000
TALKS

There were more than thirty-two million conversations a day in 1918 over the wires of the Bell System. Is there any wonder that there were a few wrong numbers?

This fact, of course, does not help you much when you are called by mistake. But consider, please, that a wrong number is not always the fault of the operator. Sometimes the caller gets the number reversed, or it is given so indistinctly that the operator fails to understand. Always consult the latest telephone directory for the number and give it to the operator in a distinct voice.

MINERS STORM JAIL

Trinidad, Col., Nov. 5.—Reports reaching union headquarters yesterday hay a mob of 500 miners had surrounded city prison at aRton, N. M., bent upon releasing Mike Lavoda, a union organizer and a dozen others arrested Sunday night.

Denver, Nov. 5.—Nicholas Fontecchio, of Trinidad, Col., said to be an organizer for the United Mine Workers of America, was arrested at Colorado Springs at noon yesterday on a warrant charging violation of the State industrial law and inciting miners "to go on a strike prior to any investigation, hearing or arbitration of the dispute between the employers and employees, as required by the terms of the Colorado industrial law."

Operators of the Trinidad district started serving eviction notices yesterday on striking miners living in company houses. Included in the list of those who received a three-day notice to vacate was Frank Levenque, president of the local union at Morley. Morley is a Colorado Fuel and Iron Company property.

COOLIDGE WINS

Boston Police Strike Issue Beats Long for Governor by 150,000 Votes

Boston, Nov. 5.—Calvin Coolidge, Republican, was re-elected governor of Massachusetts yesterday by about 150,000 votes in the most exciting contest the State has witnessed in years. He ran on a "law and order" platform.

The principal issue in the campaign had been the recent police strike in this city. Governor Coolidge had sustained the police commissioner in dismissing the 600 or more policemen who had walked out. Richard H. Long, the Democratic candidate, had promised to reinstate them and to remove the police commissioner.

The returns indicate that the labor vote, on which the Democrats had counted, swung over to the Republican candidate, who has favored all progressive labor legislation and whose signature to the forty-eight hour bill this year was a strong card in his favor.

In the industrial centers, all of which were claimed by the Democrats, the only gains recorded made were by Coolidge.

Long's supporters had predicted a lead of 48,000 for him in Boston. Governor Coolidge cut Long's lead in the city to about 4,000, as compared with about 20,000 last year.

Long lost his home town of Framingham by 232 votes. The same proportion held true in most of the other industrial centers and the Coolidge tide sweeping to victory throughout the State carried on its crest the other Republican candidates.

Convalescents Build Up On Pepto-Mangan

Increases the Supply of Rich Red Blood—Restores Strength and Vigor

Physicians Recommend It

Sold in Liquid and Tablet Form—The Name "Gude's" the Guide to Genuine Pepto-Mangan.

A serious illness such as Influenza or other infectious disease always leaves the body with low vitality, lack of strength, and improverished blood.

Gude's Pepto-Mangan aids convalescents to a quick recovery, for it creates a generous supply of rich, red blood and restores the body to its normal, healthy condition.

That's why physicians recommend Pepto-Mangan, for they know that it imparts to the blood the material so sorely needed by weak, run-down systems.

Pale, sallow, thin, easily-exhausted men and women find that Pepto-Mangan builds them up wonderfully. A new supply of rich, red blood is created, which in turn imparts the glow of health to the cheeks, increases the appetite, the eyes sparkle, the entire system takes a new lease on life.

Pepto-Mangan is obtainable in liquid or tablet form, which proves most convenient. Both forms possess identical medicinal qualities.

There is but one genuine Pepto-Mangan and that is "Gude's." Ask your druggist for "Gude's" and look for the name "Gude's" on the package. If it is not there, it is not Pepto-Mangan.

EXPRESS TRAIN WRECKED

Twelve Persons Killed and About Thirty Injured.

Paris, Nov. 5.—The Simplon Express, while at a standstill between Pont-Sur-Yonne and Sens (about 60 miles southeast of Paris) at 10 p. m. Sunday night, was run into by a train bound for Geneva. Twelve persons were killed and about 30 injured.

THEATRES

RICHMOND THEATRE

What is a "climber?" The term is almost exclusively used in the social set to designate a type of social parasite who strives to break inside the forbidden precincts of the social circle. visualization of such characters is given in Vitagraph's latest picture, "The Climbers." Corinne Griffith is the star.

This production, which is adapted from the stage success of the same name by Clyde Fitch, will be shown at the Richmond Theatre tonight.

Climbers are seen to be persons who use all manners of ruses to reach recognition as wearers of the social purple, but who for some indefinable reason cannot attain the goal of their ambitions.

GRAND THEATRE

A clever idea for a code is explained in the interesting Paramount picture, "The Dummy," in which Jack Pickford is starring at the Grand Theatre tonight. Its novelty lies in its simplicity, for the method is simply to have a set of dictionaries (of course they must all be alike) and use the word following or preceding the word meant. The picture is quite satisfactory entertainment. Also 14th Chapter "Elmo the Mighty."

INGOMAR THEATRE

"Her Purchase Price," at the Ingomar Theatre tonight, Bessie Barriscale's production for Robertson-Cole and distributed by Exhibitors Mutual, is the most colorful picture in which the blonde star has ever appeared.

Most of the action of the picture takes place in Cairo, Egypt, and the streets and interior sets used are evidence that great care has been taken to make them perfect in Oriental atmosphere and detail.

Demonstration of

Duplex Fireless Cookers

A demonstration that proves to you how easy it is to be a good cook in the Duplex way, and what little trouble it will be to you.

You simply need to start the things on your stove while heating the stones for the "fireless," then put in your stones, and your vegetables or meats in the Duplex Fireless Cooker, and go on your way rejoicing, attending to other matters of housekeeping. You will find that everything will be perfectly done always, never anything burned and there will be no need for anything to get dried up or cold while waiting for the "late-comers" to the family dinner.

You save gas and coal by using the "fireless."

Come in tomorrow and see this cooker demonstrated.
